Mediterranean Strategy for Sustainable Development (MSSD)

- Prepared by the MCSD (advisory body), the MSSD was adopted in 2005 by all Contracting Parties to the Barcelona Convention.
- The MSSD provides an integrative policy framework for achieving the vision of a sustainable Mediterranean region, as well as for the deployment of sustainable development policies of riparian countries.
- It is also a regional response to the global agenda about sustainable development: Agenda 21, Millennium Development Goals (MDGs), etc.

MSSD Framework

OBJECTIVE 1

Contribute to economic development

OBJECTIVE 2

Reduce social disparities by implementing the MDGs

OBJECTIVE 3

Change unsustainable production and consumption patterns and ensure the sustainable management of natural resources

OBJECTIVE 4

Improve governance at the local, national and regional levels

For reaching these 4 objectives, the MSSD call to progress in 7 priority fields of action and to improve the governance:
